## Executive Summary for Action

Lower Minnesota River Watershed District Board of Managers Meeting  
Wednesday, April 16, 2025

### **Agenda Item**

#### **Item 8. A. – Distribution of Managers**

### **Prepared By**

Linda Loomis, Administrator

### **Summary**

At the February 19, 2025, Board of Managers meeting, Manager Lammers proposed a motion to grant Scott County additional representation to the Board, but the motion did not pass. During the March 19, 2025, meeting, various options for achieving this were presented to the Board, but no action was taken.

Among the options—redistribution of managers or addition of a manager—the former requires a petition initiated by the County. The latter, adding a manager, can be petitioned by the Board of Managers. If the Board were to petition, it would need to establish that the addition of a manager would benefit public welfare, public interest, and the purpose of 103D.305. For the first option, redistribution, the responsibility lies with Scott County Court. The second option, which could be initiated by the LMRWD, has not yet been formally requested by any county.
